

To the Memory of Takeo YAGINUMA

(February 2, 1916–April 5, 1995)

Dr. Takeo YAGINUMA, Professor Emeritus of Otemon Gakuin University and Honorary Member of the Arachnological Society of Japan, passed away from lung cancer at Osaka on April 5th, 1995, aged 79.

He successively filled various posts in arachnology, President of the Arachnological Society of East Asia, Honorary Member of the American Arachnological Society and Vice-President of the Centre International de Documentation Arachnologique, and made definite way for younger arachnologists not only from Japan but also from China and Korea.

We wish to express our deepest regret to his wife Mrs. Michiko YAGINUMA and to his family on behalf of all the members of the Arachnological Society of Japan.

Yoshiaki NISHIKAWA and Hirotugu ONO
